Aprons made with durable fabrics are embellished with quirky design accents for character and practicality, whilst our collection of shirts and tees work effortlessly to create that quintessential smart-casual look. There's also a collection of classic chefswear for the talented team in the kitchen and for those who need to identify as a culinary professional at corporate, mobile or private events.

We understand that customers like to see wholesome fayre on the menu with local, organic and homemade produce, so why not serve it to them dressed in uniforms that boast a similar wholesome story, with organic, fairtrade and recycled styles.

We've got a lovely feature that looks at how our supply chain comes together to deliver beautifully branded uniforms for your business, with a spotlight on Neighbourhood Bakehouse in Chester, who have recently enjoyed a Premier-uniform makeover.

Welcome to the NEIGHBOURHOOD

A branding story brought to you by Premier

Did you know that everyday thousands of businesses provide their staff with Premier uniforms to serve up delicious food and drink to hungry customers? We are delighted to put the spotlight on one of these businesses as they invest in a uniform makeover for their team.

Introducing, Catherine Graham, owner of the Neighbourhood Bakehouse in Chester, who tells us a little bit more about her business and the inspiration behind her new uniform.

How long have you been running the Neighbourhood Bakehouse, Catherine?

We established the Bakehouse two years ago, right at the start of covid, then expanded into a larger premises next door just under a year ago.

You describe your business as an Artisan bakehouse, can you give us an idea of the type of food and drink you serve?

We've been selling sourdough bread since 2010, at our first business, long before it became a 'buzz word'. We love healthy eating and who doesn't love the smell of freshly baked breads? Our variety of homemade cakes are baked on site everyday and there is always a beautiful aroma coming from our bakehouse.

How did you manage through Covid and have you noticed a difference in dining habits now?

We launched Neighbourhood Bakehouse during Covid in 2020! Fortunately for us, our business model was take away only at this time, selling fresh bread, cakes, coffee, sandwiches, local eggs, local milk, etc. When people were off school and work the biggest treat was to take a walk and buy some local goodies. We got to know so many of our neighbours so well, as they came each day as part of their walking routine.

How many front-of-house and kitchen staff do you employ?

We have a wonderful pastry chef, four further chefs with a broad spectrum of international experience, along with a head chef who was trained in France. We have a wide array of food loving employees and one of our main questions during interview stage is, "Tell us what you love about food". Our team are so passionate and they are a mix of students to the more experienced catering professionals.

"Most of all the uniform must reflect our ethos of the business being that we are relaxed, approachable and passionate about what we deliver"

Why do you think it's important to have a staff uniform in your venue?

I believe it gives a sense of pride and professional appearance. The casual uniform in the daytime is relaxed

and comfortable, in the evening, our cocktail makers sport the coolest denim bar aprons.

What do you look for when considering your uniforms?

Most of all the uniform must reflect our ethos of the business being that we are relaxed, approachable and passionate about what we deliver. Functionality plays an important role here with pockets and easy fastenings. The colour and the cut of the fabric accentuates our casual approach to our way of dining.

Branding is really important, and you chose to have your logo embroidered on to these styles.

Can you tell us about the logo?

Our branding signifies our heavenly produce, what better way than to identify this than with our beautiful angel wings.

On practical level how do you manage the laundering of your uniforms

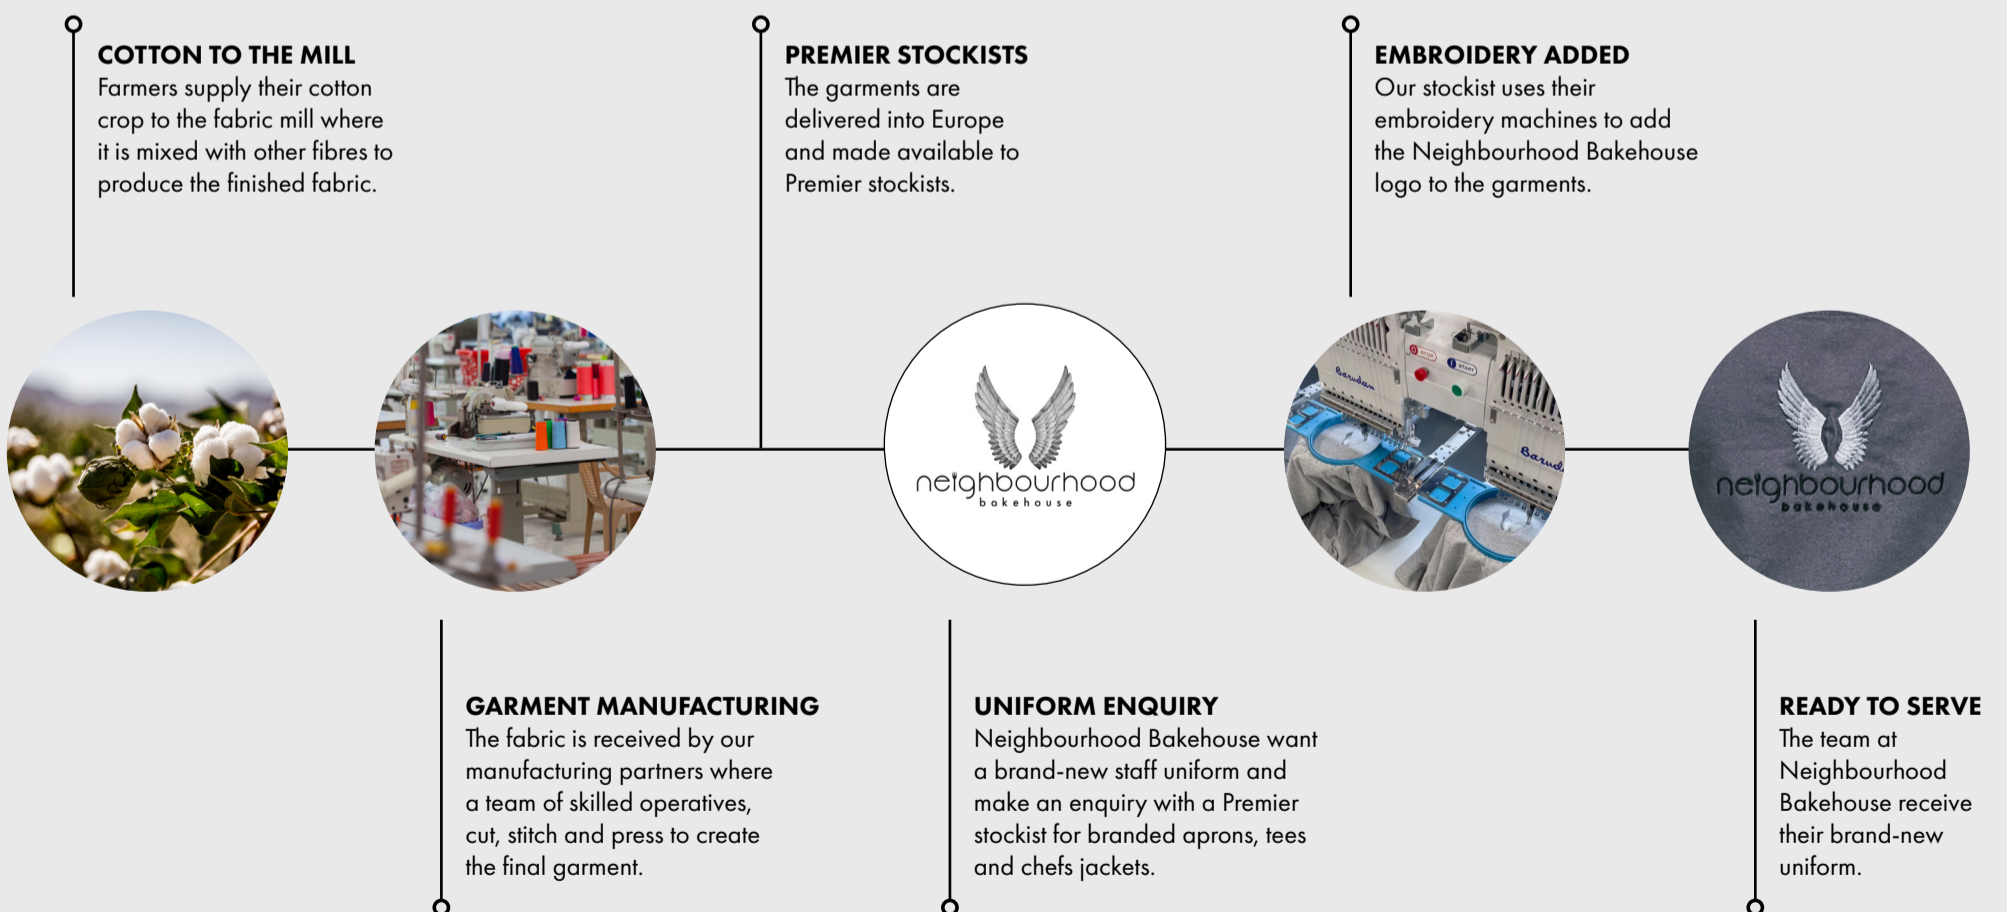

We have in-house laundering service to be sure the best presentation of our team is delivered each and every day and our team absolutely love their new uniforms!

BETTER PACKAGING

We are reducing the amount of packaging for our products and use recycled, compostable and bio-degradable solutions where we can.

REUSING PLASTICS

The recycled polyester in our garments comes from post-consumer raw material, like plastic bottles.

RESPONSIBLE COTTON SOURCING

Where we can, we source cotton that has been grown organically, using less water and without toxic pesticides.

COMMUNITY ENGAGEMENT

It's important to us to give back, which is why we donate and sponsor charities that benefit the communities where our products are made.

GREENER TRANSPORT

We are striving to improve the way we import our goods into Europe and are working with key transportation partners to monitor and reduce the CO₂ levels we produce.

SUSTAINABILITY ROUND UP

WE ARE A MEMBER

Better Cotton™ is the world's leading sustainability initiative for cotton. Their mission is to help cotton communities survive and thrive, while protecting and restoring the environment.

As a Better Cotton™ member we are helping to support this mission.

WE ENCOURAGE ORGANIC FARMING

We are supporting farmers who are transitioning their farms to organic production by purchasing their cotton, which is in-conversion.

We understand that transitioning to organic takes time.

WE SUPPORT PRODUCERS

The FAIRTRADE Cotton Mark means that all of the cotton in the garment is Fairtrade certified, traded, audited and sourced from Fairtrade producers.

We are supporting Fairtrade farmers by purchasing their cotton.

WE USE RECYCLED COTTON

Cotton derived from denim fabrics which have been broken down and regenerated to form a new garment.

We give denim textiles a new lease of life.

WE SOURCE IT

Organic agricultural standards require the cotton crop to be produced without toxic pesticides and synthetic fertilizers and with considerably less water than conventional cotton.

We are sourcing Organic Cotton to help reduce our carbon footprint.

WE REUSE POST-CONSUMER PLASTICS

Polyester made from recycled plastics means less extraction of raw materials and carbon emissions.

We are helping to keep plastic away from oceans and landfill.
